

ALELUIA CERÂMICAS

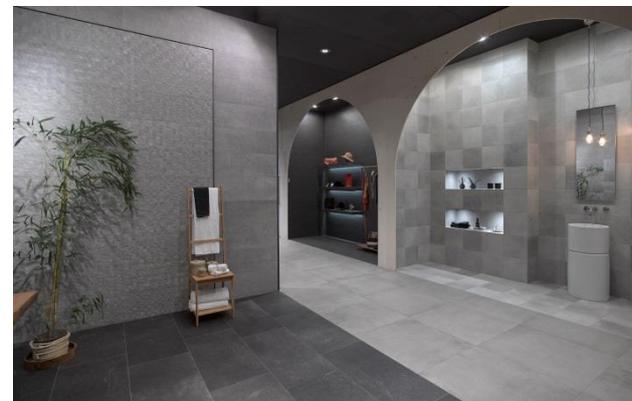

## PRESS RELEASE

### What Happened? – Cevisama 2018

Aligned with the decorative trends presented in Italy, the **Aleluia Cerâmicas**, S.A. was at the latest edition of Cevisama, the international fair dedicated to the sector, held from February 5<sup>th</sup> to 9<sup>th</sup> in Valencia, Spain.

Reflecting the enormous success of this event was the huge influx of visitors that Aleluia Cerâmicas, S.A. has received.

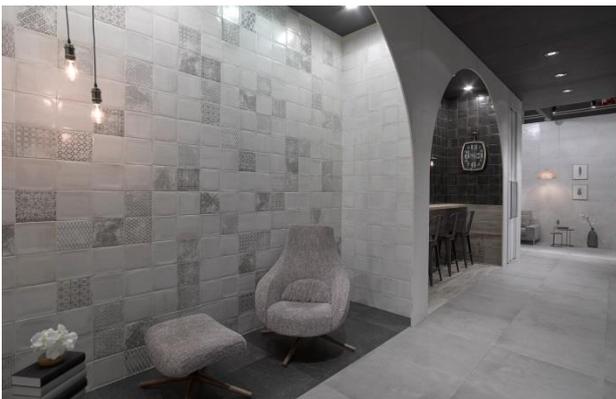

In a stand inspired by the Urban Heritage concept, Aleluia Cerâmicas S.A. presented its latest novelties: the distinctive **Essence** collection, in full body porcelain, composed of 5 colours, ideal for creating elegant and timeless spaces; the **Arabesque** collection, with its peculiar format of Hispanic-Arab inspiration; the **Scales** collection, created in 12 carefully chosen colours that with its unique format allows the creation of truly unique and original spaces; the new **Glam** decoration for the Atelier collection, in a selection of 12 vivid colours, as well as new formats, finishes and decorations available in the **Piazen**, **Touch**, **Bosco**, **Heritage**, **Reboot** and **Avenue** collections.

ALELUIA CERÂMICAS

## PRESS RELEASE

### ABOUT ALELUIA CERÂMICAS

Aleluia Cerâmicas, SA is a company of relevance in the ceramic world. Equipped with the most diverse production typologies, it covers all the potential needs, from the most daring decorative requirements to the most demanding industrial anti-acid technical floors. It has in its portfolio a set of products with its very own characteristics, responding to different expectations and needs. Aleluia Cerâmicas has 3 industrial units located in Ílhavo, Esgueira and Vagos. Also worthy of note is its Logistics Center, with a covered area of 18,000 sqm that allows the storage of 3.0 million sqm of material. Fundamental to maintaining the relationship with its partners, and to consolidate their trust, Aleluia Cerâmicas holds, since long, the needed quality certification (NP EN ISO 9001: 2008). Also, permanently attentive to its social mission, Aleluia Cerâmicas also maintains its environmental certification (NP EN ISO 14001: 2004), adopting a continuous policy to rationalize the consumption of natural resources, waste recycling and air purification, among others. "Innovation, Quality and Design" are the values that the company associates with its products, offering innovative aesthetic solutions that adapt to a wide variety of lifestyles.
